WAYPOINT INTERVAL	DISTANCE km	WAYPOINT-TO-WAYPOINT TRAIL DESCRIPTION
001 - 002	1.0	Beginning with the large map " Walker Woods and Glen Major Forest " take the trail to the left with a post marked 8 . At a roadside parking area take the path to the right that moves away from the road. At signpost 11 keep to the right on the main trail (002).
002 - 003	1.4	Passing through a small meadow the trail curves and comes to another Y intersection. Take the more travelled path to the right (003).
003 - 004	2.0	Immediately after the above waypoint there is another Y intersection and instead of going uphill go left along a more level area with the blue signpost. At a post at a T-intersection marked 10 turn left and take the West Walker Loop southbound (004). This is labelled the Trans Canada Trail .
004 - 005	3.2	Ignore a number of smaller side trails and stay on the Trans Canada Trail with the blue blazes. The trail traverses along an open meadow and passes signpost 13 where we continue straight ahead (no side trail). At post 14 (005) the Trans Canada Trail goes off to the left while we continue straight ahead on the blue marked trail.
005 - 006	4.8	At a cross intersection a blue marker indicates to keep to the right (006).
006 - 007	5.1	The trail continues to the right through a coniferous forest and arrives at a small bush road (007).
007 - 008	5.3	Turn left here (the blue markers seem to disappear) instead of going straight ahead and head north up to the Concession Road. At a cross intersection the blue blazes reappear. Cross the intersection and head straight ahead into the woods (008).
008 - 009	6.2	At a T-intersection marked by signpost 6 keep right. Immediately after this another trail goes north so turn left onto this trail which takes you north up to Albright Road (Sideroad 10) . Go left along this road. The trail passes a long orange gate arriving at a main road with a huge Canadian flag straight ahead and a white barn and a white bungalow house to the left. This is Concession Road 6 (009) .
009 - 010	6.7	Turn right on Concession Road 6 heading north for 500 m to the entrance on the left into the Northern Tract of Walker Woods (010) which has 16 km of trails in a 125 hectare forest.
