

L34 Long Sault CA Area Trail Guide - TorontoHiking.com

WAYPOINT INTERVAL	DISTANCE km	WAYPOINT-TO-WAYPOINT TRAIL DESCRIPTION
001 - 002	1.9	From the Long Sault Conservation Area parking lot turn left on the trail which takes you to an intersection where you turn right onto the Barred Owl Trail . The trail brings you to a clearing with a large map display and a bench (002) .
002 - 003	3.0	The trail now heads off to the left continuing to follow the Barred Owl Trail . The trail returns to the connecting trail (003) .
003 - 004	3.2	Turn right and head uphill on the connecting trail until you arrive at the Wild Turkey Trail (004) .
004 - 005	4.4	Turn right onto the Wild Turkey Trail which takes you to the top of the loop (005) .
005 - 006	6.8	Turn right and continue on the Wild Turkey trail. At a T-intersection keep left on the Wild Turkey Trail. There is a rest stop bench along this trail where you may have lunch. Soon you will arrive at an intersection with the Eastern Bluebird Trail (006) .
006 - 007	9.5	The Eastern Bluebird Trail heads off to the right. After a hill climb and a right turn we come to a T-intersection where the trail goes off to the left. The trail wanders along a high ridge between a ravine on either side. Turning left the trail enters a more open meadow with a coniferous forest ahead with the trail continuing along a narrow sandy trail. Crossing a low muddy area, the trail crosses a private driveway and continues into a meadow where some poison ivy is evident trail-side. Past this point, the trail curves left, passes the quarry and begins to climb left into the forest ahead. Soon you arrive back at the connecting trail (007) at the end of the Eastern Bluebird Trail .
007 - 008	10.0	Turn right on the connecting trail which takes you back close to the parking lot and continue on the connecting trail until you arrive at the Cottontail Rabbit Trail (008) .
008 - 009	10.8	Keep right on the Cottontail Rabbit Trail . Note the trails are marked one-way for hikers from this point on. Turn left and continue on to the new connecting trails (009) .
009 - 010	11.4	Turn right on the connecting trail heading towards the White-tailed Deer Trail (010) .
010 - 012	14.8	Turn right onto the White-tailed Deer Trail . The trail follows a long lane-way path between wet forest growth on both sides until it comes out to an open meadow where it meets the transmission

towers above and curves left. At the bottom of the loop keep left on the **White-tailed Deer Trail**. The trail enters a low wet area and climbs into a drier area of coniferous trees with mysterious oak leaves on the forest floor. The trail arrives at an intersection with the connecting trail **(012)**.
