Walk W06 Lower Humber River Loop

WAYPOINT INTERVAL	WAYPOINT-TO-WAYPOINT TRAIL DIRECTIONS
001 - 002	From the OLD MILL subway station follow the curved sidewalk to your right to the road and turn right on Old Mill Road passing the Old Mill Inn . Cross the bridge over the Humber River and turn right down the steps to the river side (002) .
002 - 003	Continue along the Humber River through Etienne Brule and Magwood Park until you meet a pedestrian/bike control gate (003) .
003 - 004	Climb a slight slope and follow a dirt path on the edge of the ravine. Much squirrel activity can be seen in this area and the thorny bushes make for an abundance of birds. The trail passes under the Dundas St overpass and arrives at a green bridge over the Humber River. Walk onto the bridge to enjoy the view (004) . At this point we will return to a point where we can cross over the Dundas St overpass. [To continue ahead all the way to Lawrence Ave, see hike W07].
004 - 001	On the return pass under the Dundas overpass and take the path that leads uphill to Old Dundas Street . You will pass the historic Lambton House Hotel . Continue on to Dundas St. itself. Turn right and cross the Dundas St overpass. Just past the overpass take Old Dundas St on the right which heads downhill and turns right connecting with a park road along the Humber River through Home Smith Park . Look for the Hurricane Hazel memorial plaque on the left along the road. Continue along this road or walk on the grassy area closer to the river. The road climbs uphill and meets Old Mill Road once again. Continue straight ahead to the subway station (001) .

Enjoy the walk and the day!
